Keep Ypsi Rollin' (KYR) is a ballot question committee formed to pass a Charter Amendment for public transit in Ypsilanti.

Through an error, today the issue was printed on the ballot but the votes would not be counted towards the Charter Amendment. The actual vote that will support public transit will be the General Election on November 2, 2010.

Today, Ypsilanti voters supported public transit. Voters of Ypsilanti chose to pass the Charter Amendment and dedicate ongoing funds to Public Transit. Votes are still being tabulated but it appears to have won by a significant margin.

“This is a major victory for Public Transit and the City of Ypsilanti” says Richard Murphy, co-chair of KYR. “Our committee and proud of the stance our voters took today. We will work to pass it just as strongly when the valid vote occurs in the General Election on November 2”.

KYR believes that public transit is important to the over all health of both Ypsilanti and the overall region. KYR hopes that the upcoming general election continues to support this important cause, when the vote will really matter.

“Ypsilanti needs public transit to be guaranteed for our residents, employees, and customers”, states Beth Bashert, co-chair of KYR. “Historically having to vote to pass funding for it every other year has given the perception that public transit might be unstable. That perception will disappear if this Charter Amendment passes in the General election.”

Keep Ypsi Rollin' will be working during the next 3 months to pass the Charter Amendment for Public Transit on November 2. For more news and updates on the campaign, visit our website at <http://www.keepypsirollin.org/> or contact either co-chair at:
